

## **Kindergarten News**

### **Classroom News**

We have our last Kinderkonzert on Monday morning. Please bring in a car seat and place it in the courtyard underneath your child's name. Thank you very much to our drivers!

### **Curriculum Focus for Next Week**

#### **Religion**

As we enter Holy Week, we are reading stories from the Bible about Jesus being praised as he enters Jerusalem, how he washed the disciples' feet to teach about kindness, and about his Last Supper. We will watch the 7th grade enact Stations of the Cross on Good Friday at 8:30. Feel free to join us.

As you know from information sheets coming home, we are working on an anti-bullying unit. We are learning to recognize, report, and refuse bullying. The students are learning to distinguish between a problem and a bullying behavior, who to report bullying to, and how to refuse to be bullied or witness bullying behavior.

#### **Language Arts**

We are working on identifying the main idea of stories. Now we will learn about how details support the main idea. We will see how the details tell us more information.

We continue our persuasive writing unit focusing on our favorite seasons. We are making posters with labeled illustrations, charts, and letters. We are convincing our readers why our favorite season is the best!

#### **Math**

We are decomposing numbers to 20 and learning the vocabulary tens and ones. We are using ten as the base number to add other numbers to. We count on from ten to get to numbers 11 through 20. A great concept to support your child's learning at home is to count on from any number between 1 and 30.

#### **Science**

We continue to learn about Spring and the characteristics of the season. We are also learning the expression about April showers bring May flowers.

### **School News**

There is no hot lunch on Monday as we are hosting the priests from the Archdiocese for the Chrism Dinner. Please send your child with a lunch. Thank you!

### **Upcoming Events**
