

Third News March 10th

Classroom News

Living Wax Museum

The students chose the historical figure they would like to research for the Wax Museum. I sent home a sheet outlining important dates and other important information today. Starting next week, the students should be reading their book and recording at least 5 sticky notes about their chosen person's life. They will also need to be reading from a secondary source, either a book source or an academic journal or magazine. The students have access to the OSLIS system to do internet research. The students need to have their book about their historical figure read no later than March 10th. We will be working on the graphic organizer and writing their reports in class the week of March 13th.

Pi Day

We will be celebrating Pi Day next week a day late on March 15th. Please bring in a round eatable item no larger than a small plate size to share. (I'm talking to you Joanie Bayne) We will be working with fractions to divide our food item into equal parts.

Tadpoles to Frogs

As part of our study of life cycles in Science, we are raising tadpoles. They arrived a bit earlier than anticipated. We built their habitats this week and we will continue to monitor their growth over the next few months. Be sure to stop by the classroom and meet our new classroom pets.

In other news, the frogs we purchased will take longer to develop. As a result we will not hatch chickens this year. Thank you for your understanding.

Curriculum Focus for Next Week

Religion

- Prayer, Fasting and Almsgiving

Reading

- Drawing conclusions based on the information in the text

Writing

- Informational reports about Frogs

Math

- Dividing regions into equal parts
- Fractions and regions
- Fractions and sets
- Fractions Parts of a Set

Science/Social Studies

- Frog Habitats

School News**Auction**

It was so fun to see you all at the auction. Thank you all so much for helping to raise money for our school. There is still time to sign up for easel items including the 3rd, 4th, & 5th grade STEM challenge. Look for an email from the auction office with more details as to how.

Upcoming Events

3/14 - Providence Visit

3/15 - Pi Day

3/21 - Miss Carnese teaches 3rd grade!
