

Kindergarten News

Classroom News

Thank you to our families that brought eggs and ham for us to enjoy in honor of Dr. Seuss. We had a morning full of Dr. Seuss learning and fun!

We are headed to a Kinderkonzert on March 13th from 9- 10:30. If you are able to help drive, please let me know.

We are working hard until Spring Break! If your child will be missing school before or after the break, please let me know.

Curriculum Focus for Next Week

Religion

We are learning about Lent and that this is a time we can try to get closer to Jesus by praying more. We are encouraging the children to perform a kind and loving act for another person during Lent.

Language Arts

We are learning about visualizing while we read. We try to “draw” pictures in our brains to tell about what is happening in a story. We will use this as we learn about the sequence of events in stories.

We are continuing persuasive writing. We will write about a favorite pet or animal and support our opinion with facts. We will write this in a letter format, so the students will also be learning the parts of a letter: the greeting, body, and salutation.

Math

We are continuing to compose and decompose numbers to 10 as we finish up Topic 9. The students are learning that they can move around the parts of an addition sentence and start with the sum first ($9 = 4 + 5$). This can be tricky!

Science

We are starting a unit about living plants. We will talk about plant needs and also do an experiment to see what happens to seeds when heated, microwaved, and frozen. We will heat up some popcorn seeds to see what happens to those, too!

School News

I am looking forward to seeing you at the auction on Saturday night!

Upcoming Events

3/8- POW

3/10- ½ day (make up for snow day)

3/15- Mass

3/17- End of 2nd trimester

3/24- PBS assembly, Cathedral Bowl
