Dear Friends of Cathedral,

Welcome to Cathedral's 22nd annual auction, "The Cathedral Derby!" We are so pleased that you have joined us this evening to celebrate Cathedral School. This annual event brings together our community of family, staff, and friends who share a passion for furthering Cathedral's academic excellence, and our mission to create a lifelong love of learning and service grounded in faith. Thank you for your generous support, and for being here with us.

Tonight's auction could not have been possible without the tireless work of our auction chairs, Wendy Goodwin and Kara Vargo. Their creative efforts, along with the help of countless volunteers, have brought us an exciting evening that promises fun and entertainment for all! We are extremely grateful for their hard work on behalf of our school.

The 2017 "Project Safe Play" Paddle Raise will provide the money for a much needed upgrade to the mat surface under the play structure. The current mat system has reached the end of its expected lifetime and is in need of replacement. Along with the mat replacement, we plan to install a new play structure with components designed specifically for the little bodies of our four to eight year old students.

Your generous contributions will directly benefit our children in countless ways. May tonight be a lively evening of celebrating with friends and acquaintances, meeting new members of the Cathedral community, and spirited bidding. Thank you for being with us, enjoy the evening, and may God bless you.

Sincerely,

Msgr. Patrick S. Brennan  
Pastor, St. Mary's Cathedral Parish

Mrs. Amy Biggs Principal, Cathedral School

Dear Friends of Cathedral,

Known as the “fastest two minutes in sports,” the Kentucky Derby has captured the imagination of our country for the past 143 years. Three-year-old thoroughbred horses pound down the dirt oval track for one mile carrying jockeys whose weight must be less than 118 lbs., for the chance at the \$2 million purse.

The Derby’s Kentucky roots has a surprising connection to our own Pacific Northwest in that Col. Meriwether Lewis Clark, Jr., the grandson of William Clark of the Lewis and Clark expedition, organized the Jockey Club which would eventually build Churchill Downs.

After an influential trip to some of Europe’s premier racing events in the 1870s, Lewis returned to the States determined to make horse racing the kind of classy, high society event that he had witnessed across the pond. His initial efforts (without the help of social media) involved traveling door-to-door by wagon around Kentucky with his wife and some of her fashionable friends in an effort to convince his target audience that the new race track was indeed a place for the upper-class.

Today, the derby draws nearly 150,000 annual attendees making it one of Kentucky’s largest cities for a day. While the horse racing may take center stage, the festivities surrounding the derby are what many come for: the hats, the food, the music and the spectacle of it all.

Unlike the Kentucky Derby which crowns its winner from just 24 candidates, our Cathedral Derby event is a win for the entire community: our students, staff, and the friends and family members gathered here tonight benefit tremendously when we come together over a common cause, celebrate our kids and strive to create opportunities for Cathedral School to thrive.

We would like to extend our deepest gratitude to the numerous volunteers who have donated their time, creativity and resources towards this year’s auction. One of the beautiful things about community is how we can pool our individual talents and interests and through that process create an experience that is even better than what can be accomplished alone.

Thanks again to all of you who helped make tonight possible and we hope that you have a wonderful time at the 22nd Annual Cathedral School Auction, “Cathedral Derby.”

Sincerely,

Wendy Goodwin and Kara Fioravanti Vargo  
Auction Co-Chairs

The closing time for each Silent and Super Silent Auction Section is set forth in this catalog. Upon closing of a Silent and Super Silent Auction Section, an auction volunteer will identify the winning bid for each item. This person has the authority to determine the winning bid and this decision is final. To determine if you are the winner of a Silent and Super Silent Auction items, proceed to the CheckOut Table after 7:30 p.m. and request an accounting of your purchases. If you are the winner of a Live Auction item, the auctioneer will announce your bid number as the bid winner. A "runner" will bring you a certificate validating you as the bid winner. You must sign this to validate your acceptance as the bid winner.

### HOW TO PAY/CHECK-OUT

## DESSERT DASH #0

A limited number of luxurious, mouth watering delights from some of Portland's finest bakeries are up for grabs tonight. How does your table get the one you want?

Pass the Dessert Dash bid sheet around your table so that each guest can write their bid number and the amount they would like to contribute towards the total amount for the dessert. (Your bid number will be charged at checkout.) Add up the amount at the bottom. Remember, the total amount determines who wins first choice of desserts. We will collect the sheets early in the Live Auction and tally the bids.

Decide which dessert your table wants and then appoint a person to act as, "dasher". This person will go to the dessert table when your table is called to pick out your dessert.

Next, the fun part! When it's time for dessert, our auctioneer will announce the table number with the highest bid amount. That table's appointed runner dashes to the dessert table to grab the selection. Every few moments, our auctioneer will announce the next highest table, and so on, until the desserts are gone. Don't dawdle and miss out on the dessert you want –this is fast and furious—it's a dash!

**LIVE AUCTION #20**  
**PROJECT "SAFE PLAY!" PADDLE RAISE**

No need to hedge your bets in this race because everyone is a winner in the Paddle Raise!

Each year a highlight of our annual auction is the Fund-An-Item. In this paddle raise, auction attendees and all members of the Cathedral School community have the opportunity to donate to a specific need of the school that has been identified by the Principal and supported by the Advisory Council. Much thought and consideration is involved in determining each year's selection. We alternate each year between instructional needs and upgrades to our facility; the 2016Fund-an-Item focused on instruction. We carefully considered the feedback from last year's survey in identifying and prioritizing our facility needs.

We are thrilled to announce the Fund-an-Item for the 2017 Cathedral School Auction: Project Safe Play. With Project Safe Play we are replacing the rubber mat surface under the play structure. The current mat system has reached the end of its expected lifetime and is in need of replacement. Products have improved significantly since the installation of the play structure in 2003. The new mats will be 2-1/2" thick, providing increased cushioning over the current surface.

Along with the mat replacement we plan to install a new play structure with components designed specifically for the little bodies of our four- to eight-year old students. The new unit will be placed in the undercover area providing safe, year-round play in all weather conditions.

Expected Cost: \$70,000.

Countless hours have been spent to ensure correct spelling, proper word usage and that our Cathedral families' names, and those of our sponsors and donors, were listed properly and accurately. Please forgive us if a mistake has been found.

## CONGRATULATIONS BRODY!

*One of your first outings after you were born was to drop your brother Griffen at Cathedral for his first day of kindergarten. You spent your toddler years asking, "When can I stay too?"*

*When Mom and Dad were volunteering, the hallways and classrooms were your second home. Griffen's classmates and other students always had a kind word or high five.*

*By the time the Fall of 2008 arrived you sprinted to the*

*door and never looked back. Seeing your smile when you leave the building every day, often waving goodbye to younger students, makes us know what a wonderful fit Cathedral has been.*

*We hope your High School years are filled with as much joy and satisfaction.*

*- Mom and Dad*

**PS:** Our thanks to Cathedral School for 18 years of educating Marlers.
